

$$y = -3 \sec(\theta) + 1$$

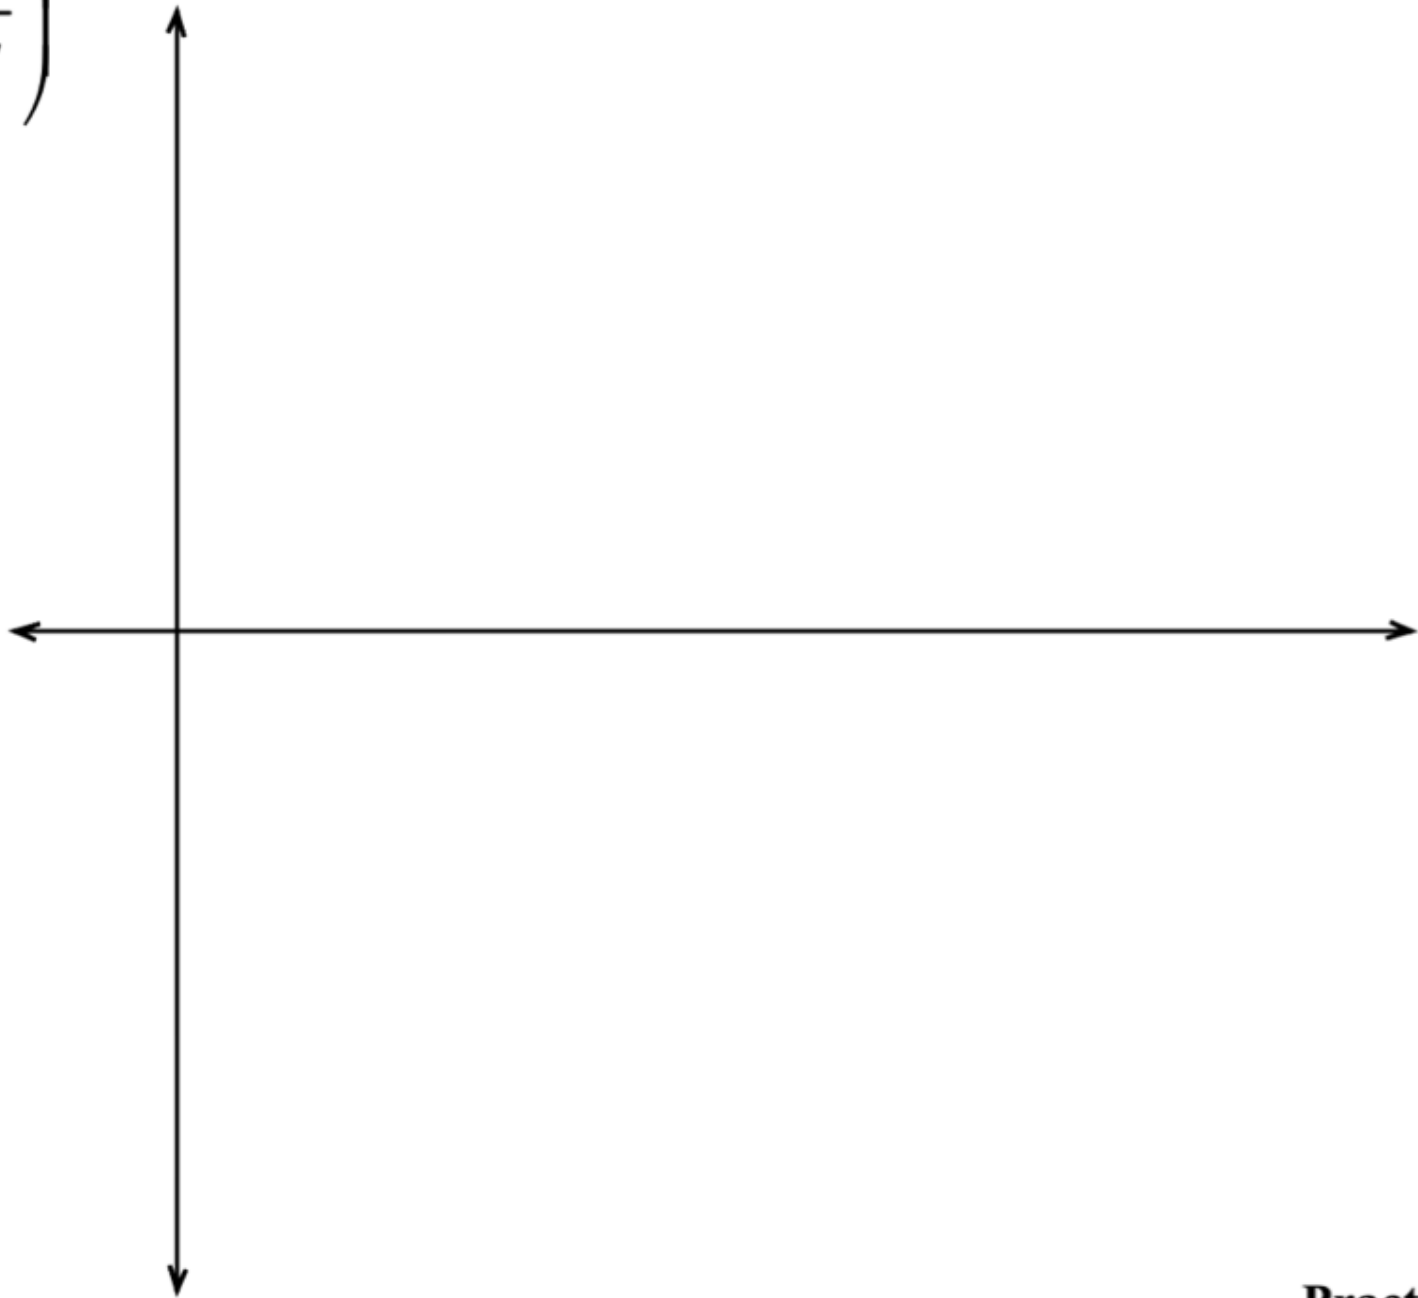

Practice

$$y = -3 \sec(\theta) + 1$$

Practice

$$y = 5 \sec\left(\frac{x}{7}\right)$$

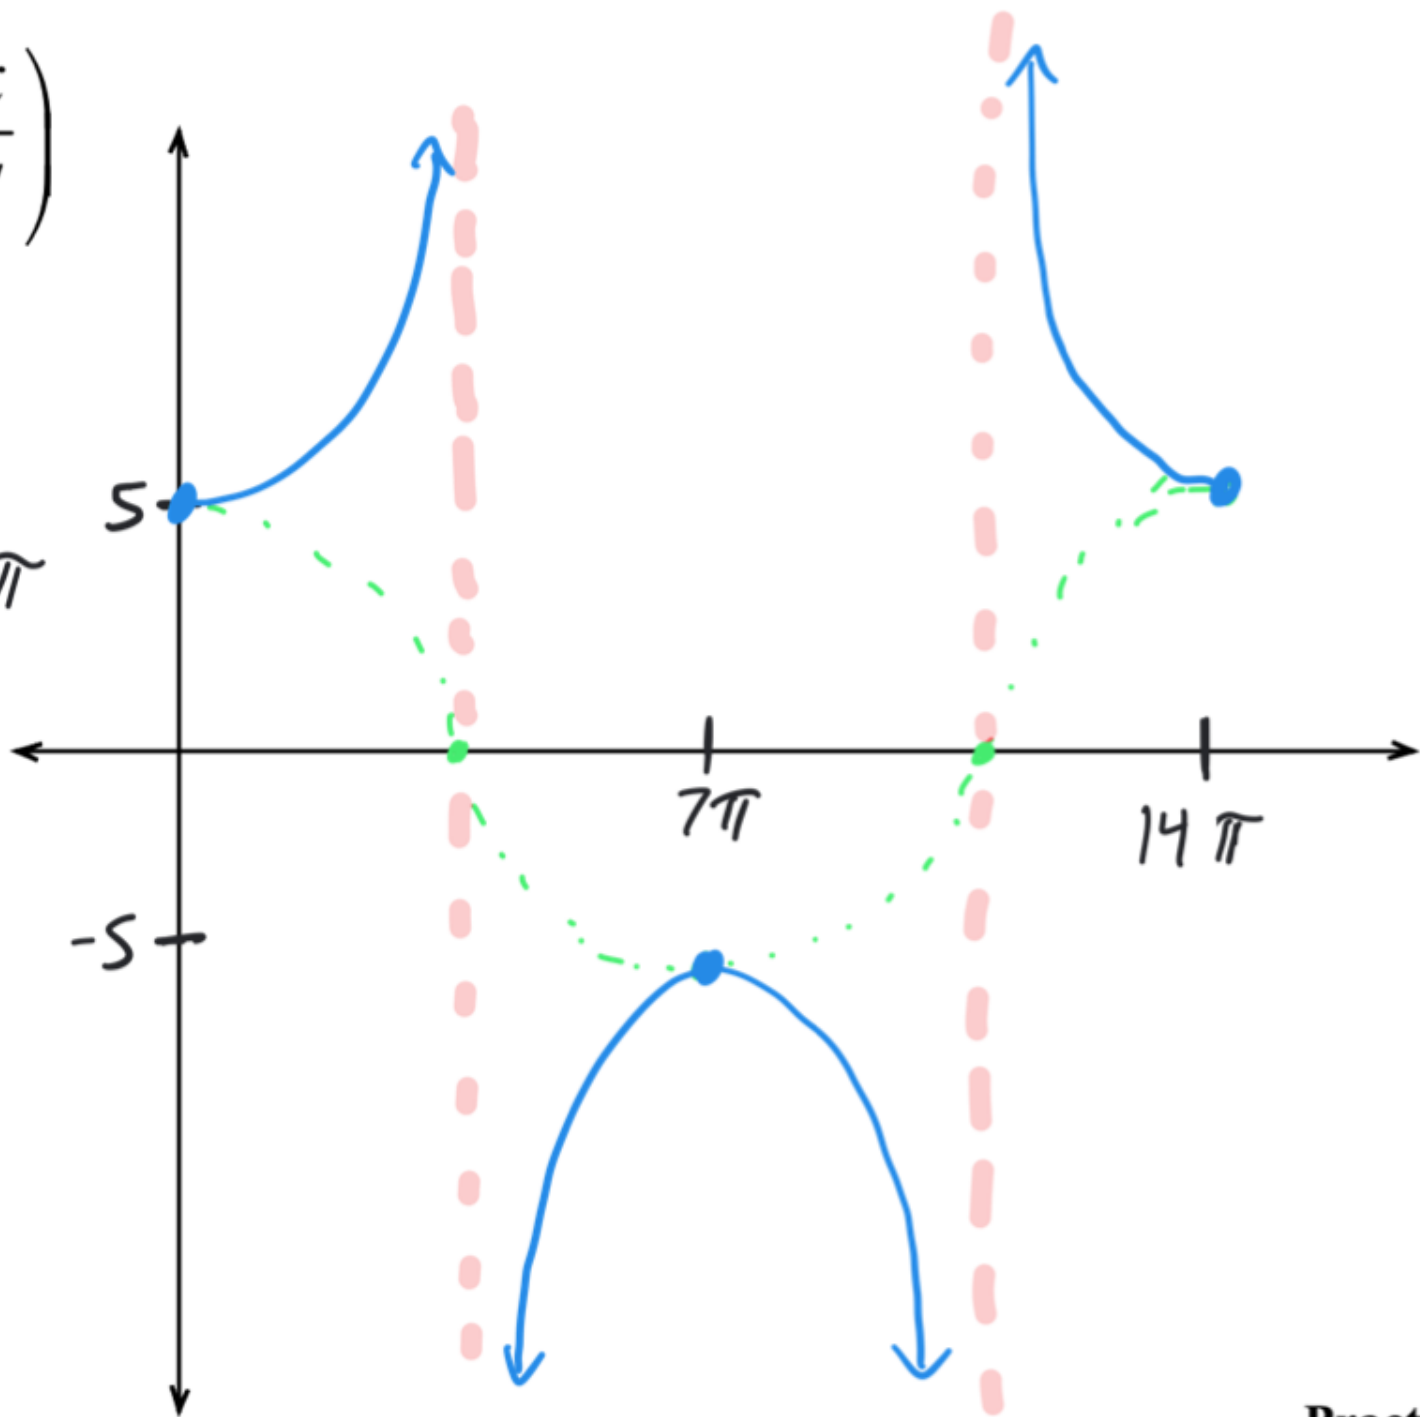

Practice

$$y = 5 \sec\left(\frac{x}{7}\right)$$

$$P = 2\pi \div \frac{1}{7}$$

$$2\pi \cdot 7 = 14\pi$$

Practice
